IT INCUBATION CENTRE A PLACE TO LEARN FROM THE BEST MINDS

We are running two special batches namely SUPER60 and The Uniques. These batches are formed to bring together individuals who are passionate about technology and interested in exploring its vast world.

We build a business home on campus in the form of IT Incubation centre called UNIQUE ZONE. This Incubator is nurturing the students to transform their innovative ideas into practical solutions.

This Incubation also plays a vital role in the development and growth of students' technical skills and prepares them for a career in the technology industry. It provides students with access to state-of-the-art infrastructure, offers a practical approach to learning, encourages collaboration, provides access to mentors, and fosters innovation and entrepreneurship.

KEY HIGHLIGHTS OF SUPER60 & THE UNIQUES BATCH
